SUMMARY

Motivated Computer Science & Engineering (Data Science) graduate with hands-on experience in full-stack web development. Proficient in Python, JavaScript, React, and Node.js, with strong expertise in building responsive web applications and high-performance RESTful APIs. Eager to apply technical knowledge and data-driven problem-solving to contribute to innovative software solutions.

EDUCATION

Rajeev Gandhi Memorial College of Engineering and Technology

2023 – 2027

B.Tech – Computer Science and Engineering (Data Science), CGPA: 7.00

Nandyal, Andhra Pradesh

TECHNICAL SKILLS

Languages & Databases: Python, JavaScript, SQL, MySQL, MongoDB

Frameworks : React.js, Node.js, Express.js

DevOps & Tools: Docker, Kubernetes, Git, GitHub, Postman, Thunder Client, VS Code

Data Visualization: Power BI, Tableau

EXPERIENCE

Full-Stack Web Development Intern (Brillon AI pvt lmt)

April 2026 – July 2026

Vigasi & LMS Projects

Remote

- Spearheaded frontend development using React, creating responsive, modern user interfaces across product promotion and LMS platforms.
- Engineered robust RESTful APIs with Node.js, Express.js, and FastAPI featuring secure authentication, end-to-end API testing, and production deployment on Netlify and Render.

PROJECTS

Vigasi – Product Promotion Platform

React, FastAPI, API Testing

- Collaborated with a cross-functional team to design and build a responsive product promotion platform optimized for desktop, tablet, and mobile devices.
- Integrated core frontend features and resolved UI/UX bottlenecks to enhance overall application performance and user experience.

LMS – Educational Product Platform

React, Backend, mongodb, node.js, express.js, Render, Netlify

- Led frontend UI development for a responsive LMS and collaborated with cross-functional teams to integrate full-stack modules.
- Engineered secure backend RESTful APIs with user authentication, integrated databases, and eliminated critical bugs to optimize web performance.

RS Infra – Construction based website

React, node.js, express.js, fast API, Render, netlify

- Designed and developed a responsive full-stack construction website with dynamic dynamic UI components, REST API integrations, and database connectivity.
- Built essential features including project showcases, service listings, and contact forms while optimizing application performance across devices from design to deployment.

CERTIFICATIONS

- **Soft Skills Certification** – NPTEL 2025
- **Full-Stack Web Development Workshop** – Brillon AI Pvt. Ltd. 2026
